Chinese Govt. Offices	Hospitals
Churches	Legations
Clubs and Associations	Missions

AGENCIES.—Agencies held by Shanghai firms are listed alphabetically with the firm's name. If you wish to find the address of an insurance or rubber company, the agent of a particular car, cosmetic, or radio, look up Page 294

TRADE DIRECTORY.—Shanghai firms under their professional or trade headings. A list of apartment houses is a feature of this section. . . Page 309

SHIPPING.—An alphabetical list of mercantile marine officers on riverine and coastal steamers

SHANGHAI WHO'S WHO.—An alphabetical list of business men and women with their office addresses. Page 331

STREET DIRECTORY.—The streets of Shanghai in English and Chinese, with the occupants of all foreign and many Chinese houses, offices and stores. The location of streets may be found by referring to the first page of the Street Directory and the Map accompanying the Hong List . . . Page 399

RESIDENTIAL DIRECTORY.—The foreign residents of Shanghal, listed alphabetically, with their private addresses Page 496

Corrections or omissions should be addressed to the Hong List, North-China Building, Shanghai. They will be greatly appreciated and made use of in the next edition.

How to use the Hong List

Refer to a person's name in Who's Who, which is followed by the firm's name.

The firm's name in the List of Hongs gives the business address and other information. A person's name in the Residential Directory (Shanghai) is followed by the resident's private address.

In Shanghai a private address in the Street Directory gives the position of the house, the name of the street in Chinese, etc., which may be located on the map by reference to the District.

Special Attention is drawn to the Agency List, following the Shanghai Hongs. This contains over 2,000 agencies held by Shanghai firms. If you wish to find the agents for Exide Batteries, Elizabeth Arden, Otis Lifts, Spratt's Dog Biscuits, etc., refer to this list, which will give you the local agent's name.

China Architects and Builders Compendium

An Indispensable Reference Volume

Nothing in Shanghai is changing more rapidly than its building. Its 1933 and 1923 sky lines might be those of different cities. With the increase in land values and the development of new styles of architecture to meet this situation, a book such as this Compendium is a positive necessity for all Builders, Contractors, Architects and Property Owners, and of great general interest to the renting public.

This latest edition brings all technical data concerned with every branch of building, architecture and property right up to the minute. It handles the material practically, clearly and from all angles—a book that saves its reader time and money.

THE NORTH-CHINA DAILY NEWS

A newspaper seven days a week, with an illustrated supplement every Sunday printed on art paper.

THE NORTH-CHINA DAILY NEWS has for upwards of a century been recognised and quoted as the leading China foreign Newspaper. It has created for itself, and established for others, a model of what is required by readers and advertisers: a balance of news and opinion, a complete and impartial view of both Chinese and Foreign affairs, Financial surveys, Sport, Recreation and Literature.

Writers of several nationalities write on all subjects of national and popular interest and reviews of plays and cinemas appear regularly. The advertising appeals to the highest class of readers-and the wealthiest.

China Architects and Builders Compendium

An Indispensable Reference Volume

Nothing in Shanghai is changing more rapidly than its building. Its 1933 and 1923 sky lines might be those of different cities. With the increase in land values and the development of new styles of architecture to meet this situation, a book such as this Compendium is a positive necessity for all Builders, Contractors, Architects and Property Owners, and of great general interest to the renting public.

This latest edition brings all technical data concerned with every branch of building, architecture and property right up to the minute. It handles the material practically, clearly and from all angles—a book that saves its reader time and money.

THE NORTH-CHINA DAILY NEWS

A newspaper seven days a week, with an illustrated supplement every Sunday printed on art paper.

THE NORTH-CHINA DAILY NEWS has for upwards of a century been recognised and quoted as the leading China foreign Newspaper. It has created for itself, and established for others, a model of what is required by readers and advertisers: a balance of news and opinion, a complete and impartial view of both Chinese and Foreign affairs, Financial surveys, Sport, Recreation and Literature.

Writers of several nationalities write on all subjects of national and popular interest and reviews of plays and cinemas appear regularly. The advertising appeals to the highest class of readers-and the wealthiest.

THE NORTH-CHINA DAILY NEWS

A newspaper seven days a week, with an illustrated supplement every Sunday printed on art paper.

THE NORTH-CHINA DAILY NEWS has for upwards of a century been recognised and quoted as the leading China foreign Newspaper. It has created for itself, and established for others, a model of what is required by readers and advertisers: a balance of news and opinion, a complete and impartial view of both Chinese and Foreign affairs, Financial surveys, Sport, Recreation and Literature.

Writers of several nationalities write on all subjects of national and popular interest and reviews of plays and cinemas appear regularly. The advertising appeals to the highest class of readers—and the wealthiest.

A newspaper seven days a week, with an illustrated supplement every Sunday printed on art paper.

THE NORTH-CHINA DAILY NEWS has for upwards of a century been recognised and quoted as the leading China foreign Newspaper. It has created for itself, and established for others, a model of what is required by readers and advertisers: a balance of news and opinion, a complete and impartial view of both Chinese and Foreign affairs, Financial surveys, Sport, Recreation and Literature.

Writers of several nationalities write on all subjects of national and popular interest and reviews of plays and cinemas appear regularly. The advertising appeals to the highest class of readers—and the wealthiest.

China Architects and Builders Compendium

An Indispensable Reference Volume

Nothing in Shanghai is changing more rapidly than its building. 1933 and 1922 sky lines might be those of different cities. With the increase in land values and the development of new styles of architecture to meet this situation, a book such as this Compendium is a positive necessity for all Builders, Contractors, Architects and Property Owners, and of great general interest to the renting public.

This latest edition brings all technical data concerned with every branch of building, architecture and property right up to the minute. It handles the material practically, clearly and from all angles-a book that saves its reader time and money.

Speed

is usually an essential part of a printing order, but there are few printing offices in Shanghai which can combine speed with good workmanship and economy. The North-China is one of them. Its equipment includes

> 14 typesetting machines 14 printing presses

and all the complicated machinery which progress has made essential to the modern printing office.

Our advice and quotations will cost you nothing whether you make use of them or not—and our 83 years' local experience should be of value to every user of printing; it is reinforced by the most modern selection of type faces and a choice of paper of every quality, colour and price.
